Product Description

2024 Altoz XR 540**DRIVEN BY PASSION. POWERED BY PERFORMANCE.**The Altoz XR brings the power and precision of commercial mowers to you. This is simply the hardest working residential zero turn mower for those who need a mower that delivers all the results, with none of the compromises.

A MOWER THAT DEMANDS ATTENTIONA mower for discerning homeowners who take as much pride in their equipment as they do in a job well done. With its laser-cut steel chassis, fabricated cutting deck and heat dissipating deck spindles, the Altoz XR is engineered to professional-grade standards.

A MOWER BUILT TO GET THE JOB DONEWe manufactured a mower that brings together high-quality components, unmatched performance, and low maintenance. So now you can spend your time taking care of projects around your whole property.

BIG RESULTS. BIGGER VALUE.This mower is built with the components found in professional-grade mowers, at a value that can't be matched.

THE MOST ENJOYABLE MOWER TO RUNWhat good is a mower if you don't love the ride? We made sure the Altoz XR has the latest comforts—like a mid-back, adjustable seat—and safety features, so you can sit back, relax, and enjoy the ride.

Features may include:

MAINTENANCE FREE

- Featuring heat-dissipating aluminum deck spindle housings with sealed commercial bearings for strength and durability.

RUGGED CHASSIS

- Features the strength and durability to stand up to the demands of daily use.

AERO DECK™ FINISH DECK

- A .270-inch fabricated steel that features recessed anti-scalp wheels and fully adjustable baffles for a professional cut.
