

High-Strength Steel Frame

SOLID DESIGN FOR YEARS OF DEPENDABLE SERVICE

- Heavy-duty, single-tube, steel main-frame construction provides superior strength and ensures years of trouble-free service. The front caster-wheel weldments are replaceable.

Industrial-Grade Hydraulic System

SPEEDS UP TO 10.5 MPH

- 48, 52 and 61 models: Dual Hydro-Gear pumps (12 cc) and Parker wheel motors (14 ci) deliver dependable power, with speeds up to 10.5 mph. Pump and valves ensure reliability and long life. Cooling fans help maintain safe operating temperatures.

Product Description 32 and 36 models: Dual Hydro-Gear pumps (10 cc) and Parker wheel motors (12 ci) deliver dependable power, with speeds up to 8.5 mph.

Ease of Maintenance

MORE UPTIME

- Easy-to-remove covers, an unrestricted engine compartment, easy-to-reach grease Zerk and many more features make servicing the V-Ride™ II simple, so you can be in the shop less and on the job more.

Tiger Eye Advanced Monitoring System

KEEP A REAL-TIME EYE ON IMPORTANT SYSTEM FUNCTIONS

Depending on the mower model and engine selection, the Tiger Eye™ Advanced Monitoring System monitors a wide variety of systems in real-time, giving you valuable information in just a glance, right from the operator's seat. Minimizes fatigue, the V-Ride II™ delivers a natural, intuitive and smooth riding position the entire day. With unrivaled performance, stability and durability, this machine helps keep you in tip-top condition to get the job done day after day, year after year.

HUGE POWER, UP TO 40 HP

Features may include: Velocity Plus Cutter Decks

- Choose from Briggs Vanguard and Kawasaki® powerplants; electronic fuel injection (EFI) options are available.

48, 52 OR 61 CUTTING WIDTH

- The envy of the industry, Velocity Plus™ decks deliver an amazing quality-of-cut and a wide, even discharge on 48, 52 and 61 widths. An Advantage Cutter Deck is featured on 32 and 36 widths.

Ogura PTO Clutch Brake

STRONG, ADJUSTABLE CLUTCH FOR LONG LIFE

- Provides excellent starting and stopping power for the cutter deck and an adjustable air gap for long life.

Adjustable Operator Platform

EXPERIENCE AN UNMATCHED, ULTRA-COMFORTABLE RIDE

- The spacious operator platform delivers a smooth ride and reduces operator fatigue. Adjustable suspension spring can be moved forward or backward, with, or without, the spacer plate installed to meet the operator's comfort preference. Extra-large, extra-thick operator comfort cushion ensures comfortable operation, hour after hour.

Cutter-Deck Lift System

CONVENIENT, SPRING-ASSISTED LEVER

- Cutter deck can be lifted and locked into transport position from the operator's station. Cutting heights are easily set by placing the tethered pin at the desired height.
