Product Description

2024 Altoz XE 610 SS**COMMERCIAL GRADE PERFORMANCE WHEN NOTHING LESS WILL DO**The Altoz XE combines superior precision, enhanced maneuverability, and unmatched durability into a low impact, compact, and rugged mower. This is commercial grade performance at an unmatched value.

ENGINEERED TO EXCELAltoz zero-turn mowers deliver the ROI you demand. Premium performance. Exceptional comfort and reliability. Cutting-edge design. All come together for a mower that looks good, performs better, and delivers exceptional value.

READY TO KEEP YOU RUNNINGThe Altoz XE Series is rugged, reliable, and built to endure the toughest jobs. The C-channel frame rails with formed, laser-cut and welded heavy-gauge steel for maximum strength and rigidity. This is a mower you can take pride in for years to come.

BIG RESULTS. BIGGER VALUE.We loaded the Altoz XE with premium features at a value price point. From tires designed to lessen terrain impact and provide a smoother ride to fully adjustable baffles to customize your cut, you will get the professional-quality performance you count on.

RIDER COMFORT & SAFETYIt doesn't matter how well the machine performs if you're not safe and enjoying the ride. Our Independent Front Suspension system (SS models), high-back, adjustable seats, and enhanced safety features make this a mower you will love running all day long.

Features may include:

AERO DECK™ FINISH DECK

- A .270-inch fabricated steel that features recessed anti-scalp wheels and fully adjustable baffles for a professional cut.

INDEPENDENT FRONT SUSPENSION

- The Altoz Independent Front Suspension (IFS) is the industry's first parallel twin A-arm front suspension.

FOLD-AWAY ROPS

- Integrated design enhances the style and overall fit and function.

RUGGED CHASSIS

- Features the strength and durability to stand up to the demands of daily use.

AMERICAN-MADE

- So you can rest assured you're getting the best American ingenuity.

TWIN FUEL TANKS

- Large capacity for extended cutting times.
