Product Description

2024 Ferris SRS™ Z2 Soft Ride Stand-On Mowers 5901947*A COMBINATION OF SPEED, AGILITY AND HIGH QUALITY OF CUT*The Soft Ride Stand-On SRS™ Z2 raises the bar with our adjustable operator platform, which features suspension technology that optimizes operator comfort and increases productivity. The superior balance provides stability and maneuverability that exceeds expectations for traction and handling. *Features may include:* *500 Hour Oil Change (Select Models)*• Vanguard™ Engines with Oil Guard System reduce maintenance time and costs by up to 60%.* *Ride-On Mower Warranties*• Coil-Over-Shocks and all suspension-related components are covered for 5 years (60 months), for unlimited hours. We are committed to providing performance, productivity and durability. *Fuel Capacity*• Generous 8-gallon fuel tank is centrally located for consistent balance, and the fuel filler neck is conveniently located on the side for easy filling. *Vanguard™ 810cc EFI engines*• Vanguard™ 810cc engines deliver the optimum power, performance and efficiency commercial zero-turn mowers need. *Speed Control Setting*• The easy locking 3-position speed control setting is conveniently located and requires no tools to facilitate smooth operation in a wide range of conditions. *Suspension Platform System*• The suspension platform system is adjustable for a large range of weights and operating conditions, optimizing operator comfort and increasing productivity. *Standing Comfort*• Ergonomically designed thigh pad provides superior operator comfort and stability, especially on hilly terrain. *Acres Per Hour*• Mows up to 5 acres per hour, based on 80% efficiency. *Adjustable Height of Cut*• Height of cut is easily changed from the operator compartment for no hassle curb climbing and trailer loading. The hand-operated deck lift can change cut height in 1/4" increments from 1.75"-5". *Integrated Mowing Transmissions*• Commercial Hydro-Gear® ZT-3800® transaxles are designed for high performance and are fully serviceable. *Speed*• Up to 10 mph ground speed. *iCD™ Cutting System*• Innovative iCD™ Cutting System was engineered to produce the best possible cut in a multitude of conditions.
