Product Description

2023 Altoz TRX 766 i Finish Cut Deck

Power Train

It is the unique combination of high performance engines, responsive Hydro-Gear transmissions, and rear torsion axle suspension track system that allows the TRX to go where no traditional zero-turn mower has gone before.

Features may include:

- YOUR COMMAND CENTER
- The focus is on driver comfort and control.
- TRACTION AND STABILITY
- The TRX track system and rear torsional suspension work together to deliver maximum traction for stability, low ground pressure for minimal compaction and an industry-best ride.
- POWER ON THE GO
- Convenient 12-volt accessory power outlet and device storage compartment.
- ALL-TERRAIN DECK OPTION
- Heavy-duty, reinforced steel deck with six pivoting blades and sloped back rear discharge. Industry-exclusive blades pivot when hitting an immovable object to protect blade, spindle and engine. (TRX 766 models only.)
- ENGINES
- Three engines to choose from to suit your preference and horsepower needs.
- SMARTRAC PRO
- The SmarTrac™ Pro control features a solid-state PTO switch with lifetime warranty, keyless push-to-start ignition switch and the patented SoftStart clutch control that decreases mechanical wear and significantly increases deck belt life.
- SMOOTH OPERATION
- Power through the harshest conditions, even rough terrain and sharp debris, with TorqFlex front suspension, flat free tires and rear torsional suspension.
- HIGH-LOW TRANSMISSION
- Dual Range Transmission helps you manage various types of terrain and cutting conditions and takes you to a top speed of 11 mph. (TRX 766 models only.)
- CUSTOMIZED COMFORT
- Ultimate driver comfort is possible thanks to 12-way adjustable seats with fore and aft, armrest, tilt, lumbar support and rider weight adjustment.
- ACCESSORIES
