Product Description

2022 Solis Compact Tractors 24Need a lot of capacity in a compact tractor? The 4WD Solis 24 is a versatile, year-round tractor just waiting to go to work - more PTO HP, lower RPMs for a quiet ride, and just what you need to get the job done. Ruggedly designed, easy to maintain, and backed by the Yanmar dealer network- it's dependable for years to come. Solis is distributed exclusively by Yanmar America in the United States. A Solis front-end loader, designed and built to match the power and weight of the Solis 24, features standard equipment skid steer quick attach for buckets, pallet forks, hay forks, and other skid steer options.
