

IT'S A BEAST

- At a best-in-class base weight of 7,125 lbs., the 4700 Series is purpose-built for big pulling power and lift capacity. It has better maneuverability and stability, too.

2WD/4WD OPTIONS

- The 2WD axle comes with five track-width settings in 4" steps to accommodate virtually all crop or field conditions.

BETTER MANEUVERABILITY FOR TIGHT SPACES

- Sometimes you need to work in confined spaces. These tractors feature a tighter turning radius for easier maneuverability with better stability.

ADJUSTABLE WHEEL SPACING

- With a wide range of wheel-spacing settings, these tractors handle everything from specialty farming applications, like small-scale row crops and vegetables, to roadside mowing and land management applications.

Product Description

REAR THREE-POINT HITCH GIVES YOU OPTIONS

- There's virtually no limit to the range of implements you can put behind these tractors. Two gear pumps power the simple, open-center hydraulic system, and a heavy-duty three-point hitch helps provide a rear lifting capacity ranging from 4,850.

EASY-REACH CONTROLS

- Essential controls are ergonomically positioned for easy operation and comfort.

Massey Ferguson MF 4700 Series MF 4710 **THE LAST THING YOU NEED IS A FEEBLE TRACTOR.**

FENDER-MOUNTED 3-POINT CONTROL

4700 Global Series Utility Tractors The 4700 Series is built for tough, gritty jobs. It's also built to be easy to use and comfortable to operate. From the ground up, these tractors are engineered for smart, ergonomic, long-lasting operation. Because even though the work is tough, your tractor should never be hard on you.

Key Benefits

A tractor you can rely on These tractors are the result of more than 65,000 hours of rigorous endurance testing in extreme weather and terrain conditions around the world. You can depend on them to get you through just about anything.

A durable, better-working tractor It's simple. When all the key components of a tractor are built together, they work better together.

Stability for bigger jobs The 4700 Series is heavier than other tractors in its class, uniquely designed to handle larger, heavier implements and more demanding applications. It'll be there when you need it.

Ease of use The 4700 Series is easy to use and comfortable to operate. From the ground up, these tractors are engineered for smart, ergonomic, long-lasting operation. Even though the work is tough, your tractor should never be hard on you.

Maneuverability for tight spaces Sometimes you need to work in confined spaces. The MF 4700 Series features a tight turning radius for easier maneuvering with better stability.

Low cost of ownership The MF 4700 Series is built to be fuel-efficient and straightforward to use. It adds up to a tractor that won't hold you back or create additional costs.

Features may include:

3-CYLINDER 3.3L AGCO POWER™ ENGINE

- At the heart of it all is a rugged, reliable, fuel-efficient Tier 4 Final engine. These engines range from 70-100 horsepower and are specifically configured for North America.

TWO TRANSMISSION OPTIONS

- You can choose either a 12x12 Power-Shuttle transmission for more straightforward operation or a Dyna-2 transmission to accommodate more loading and hauling tasks.
